Install Confidence.

The reliable source for beautiful, quality windows and doors.

Majesty Window Features

At a Glance

- ▶ The solid Ponderosa Pine wood components of Majesty products have been specially treated to resist rot, degradation, splitting, warping, and mildew.
- ▶ The extruded aluminum exterior cladding is precision formed to protect the sashes from outdoor conditions, and includes attractive beveling to match the aesthetics of wood windows. The aluminum on the frame provides extra strength.

Majesty Components

1

Majesty weatherseals are designed to perform over a wide range of temperatures and weather conditions. A lightweight polypropylene stiffener additive, which does not absorb water or collect mold, creates an airtight seal that does not distort over time. The seal ensures a consistent barrier from external conditions and allows for smooth window operation. **An average of 300 inches of custom designed Foam-Tite® compression bulb seals** encase the full perimeter of the sash of Majesty windows – similar to seals you see on dishwashers or refrigerators.

2

The rigid non-compression **Jamb Liner** adds strength, stability and reduces air infiltration, while its special beveled design allows the sash to open and tilt easily.

3

An electrostatic paint process adheres paint evenly onto exterior surfaces for an **extremely durable finish** that resists fading.

Customization Options

Majesty Finishes

Majesty Wood windows and patio doors feature a precision molded aluminum exterior that protects wood components from environmental conditions.

An electrostatic paint process adheres color evenly onto the aluminum clad surfaces, ensuring an extremely durable finish that resists fading. Majesty products come in your choice of 5 exterior finishes, at no additional charge.

The interior can be left as warm, unfinished pine to be painted or stained after installation, or professionally prefinished in white for no mess or hassle post-installation.

Interior	Exterior	
Prefinished White*	White	Almond
Pine	Black	Dark Bronze
	Forest Green	

STANDARD HARDWARE FINISHES

PREMIUM HARDWARE FINISHES

Customization Options

Grids

Both 5/8" and 1" grids in either contoured or flat are available for most products. Grids can also be painted.

See product pages for grid options per window/doors style.

CONFIGURATIONS

Fully customize any grid design. Choose Colonial, Prairie, or other unique styles like Tudor or Gothic.

SASH ORIENTATION

Even sashes are nice, but you can also select Oriel, Cottage, or a custom orientation.

SIMULATED DIVIDED LITES (SDL)

For a dramatic and upscale look, choose the SDL grid system which utilizes a pewter in-glass grid with grids applied on both the interior and exterior. Available for most Majesty Wood windows.

GRIDS BETWEEN GLASS (GBG)

Contoured or flat grids are positioned between the glass, allowing for easy cleaning. Available for most Majesty Wood windows.

INTERIOR SNAP-INS

Pine interior snap-in grids are also available for Majesty Wood windows.

GRIDS AND SCREENS

Screens

An often overlooked selection in the window buying process, the right screen can make a big difference when it comes to insect protection, durability, and of course, what a view looks like.

Frames

EXTRUDED ALUMINUM

Superior in strength to Roll Form frames, extruded aluminum frames are tough, sturdy and easy to remove and install, with hidden metal corners that won't become brittle over time as exposed plastic corners can.

Mesh

VIEWS

Standard Screen

VIEWES

Upgrade to Virtually Invisible Screens, for a brighter view, 25% better airflow, and maximum protection against small insects.

FIBERGLASS

A popular choice for its durability, fiberglass is flexible and does not crease, dent, or unravel.

FLEXSCREEN FRAME

This barely visible frame is almost completely hidden by the screen track, and its innovative, flexible construction makes it effortless to remove or install.

Durable:

FlexScreen frames are made from dent and break resistant high performance steel, with a tough powder coating that resists scratching.

Easy to Use:

FlexScreen springs into an opening, making storing, installing and removing the screens easy.

Elegant:

Without a bulky screen frame, FlexScreen disappears into the screen box of the window so there's less to get in way of the view. Plus, since FlexScreen's edges are hidden, there's no need to worry about matching a frame color to the window. Combine with VIEWS mesh for the clearest view.

Screens come in half and full sizes. See product pages for screen options per window/doors style.

Warranties

Clear Confidence

For nearly 60 years, we’ve built our reputation on the outstanding craftsmanship of our products and our world-class customer service.

And if something does go wrong, you can rest easy knowing your investment is backed by our Clear Confidence Warranties. Plus, Harvey’s US based customer service team provides phone support and can send trained field technicians to your home if needed.

Visit our website for full details.

MAJESTY WINDOW WARRANTY

PARTS/MECHANISMS

Clear Confidence®

10 YEARS WARRANTY

20 YEARS GLASS COVERAGE

20 YEARS TRANSFERABILITY

Claims

Warranties provided by Harvey are for product parts and mechanisms; they do not cover damages resulting from improper installation nor do they cover labor charges. Please see actual warranty for details.

Parts covered under warranty are provided free of charge.

Information needed for claims is listed on the warranty label. The label is generally attached to the product in an inconspicuous place (often times within the header or hinge). Exact placement of the warranty label varies depending on product. To the right, you will find an example of our warranty label, indicating the pertinent information we need to help facilitate your claim.

Warranty claims can be submitted via our website or by calling our Field Service Department at 1-800-822-0437.

Energy Efficiency

Ratings depend on size tested. Our products are tested for performance regularly. Test results subject to change.

*Tempered Glass Thermal values are shown for windows without grids.

2021 Homeowner Credits	
Tax Credit Amounts	10% of the cost, up to \$500, but windows are capped at \$200. (NOT INCLUDING INSTALLATION)
Requirements	Must be ENERGY STAR qualified
Details	Windows need to be replaced or installed into a new opening (like an addition) to qualify. Credit does not include installation costs. Must be an existing home or principal residence. Good through 12-31-2021.

*Rebates are not controlled, monitored or processed by Harvey. Visit Energystar.gov for full details and restrictions.

Harvey Windows are engineered for energy efficiency. Whatever your project, there is a Harvey performance package that meets Energy Star Requirements for that North American regional zone.

Installing Energy Star Rated products, like Harvey Windows, improves a home’s comfort, protects the environment, and can save you money, not only through lowered heating bills, but with rebates*.

MAJESTY Wood Windows

In keeping with traditional wood windows, Majesty windows withstand the elements and operate smoothly for a lifetime. The impressive energy efficient glass combined with a well-built, durable aluminum clad wood frame and sash are manufactured by folks who have been making windows for more than 50 years.

That level of expertise is what sets Majesty apart; the perfect combination of state-of-the-art engineering, energy-saving value, and stylish elegance.

MAJESTY Double Hung

Superb architectural details include a refined 45° glazing bead, overlapping grids, and elegant recessed hardware to provide a traditional and sleek look. The top and bottom sash have weatherstripping around them that prevents air infiltration and both tilt in for easy cleaning.

MAJESTY Picture & Shapes

If you are opening up a room to a spectacular view, consider Majesty picture windows. Perfect for new construction or replacement projects, they are available in Energy Star, obscured, bronze or tempered glazing. Or, for a dramatic design, pair them with Majesty shape windows.

All Grid Styles

Int. Pine or White	Ext. White	Ext. Almond
Ext. Dark Bronze	Ext. Forest Green	Ext. Black

Features

ThermaLock glazing meets Energy Star criteria

Solid pine interior with aluminum clad exterior

OTHER OPTIONS

Grids come in 5/8" and 1" sizes as well as custom configurations

Interior options include warm, unfinished pine or professionally prefinished white (includes 10-year paint warranty)

Harvey Majesty Wood Windows can be customized to fit any design aesthetic and performance level, with a lineup that include double hung, casement, awning, picture, shapes, bay, bow, and gliding windows.

MAJESTY Gliding

Optimize fresh air and sunlight without compromising space or energy efficiency. The interior sash of a Majesty gliding window horizontally slides by the fixed exterior sash, making them ideal when an outward swinging window cannot be used. Obscured and tempered glazing available.

Options

Features

Solid pine interior with aluminum clad exterior

Double locks on frame heights greater than 34.5"

OTHER OPTIONS

Grids come in 5/8" and 1" sizes as well as custom configurations

Interior options include warm, unfinished pine or primed white

MAJESTY Bay & Bow

Harvey's Majesty bay and bow are beautiful and functional. They can be made from casement, picture, or double hung windows, with the same glass, screen, grid and color options. There are no exposed joints or caulking on the exterior of the unit.

Custom Roofs

All roof systems are fully framed and sheathed in 1/2" plywood; custom roof height includes flange.

They are available in 16 oz. copper or solid aluminum and are also compatible with several other manufacturers.

*Seat board standard with white aluminum face only, color matched caps finish the outside edge.

ALUMINUM ROOF COLORS

Features

Energy Star glazing options

Solid pine interior with aluminum clad exterior

Custom manufactured to fit virtually any opening

Edge banded finish jambs and head and seat boards in oak or birch veneer. Insulated seat board custom made to fit each unit*

MAJESTY Patio Doors

A patio door is an extension of a home, and should be an extension of a homeowner's style. Majesty patio doors are durable, low maintenance, and Energy Star rated to perform well year after year, providing a bit of functional charm to any space.

PATIO DOOR Majesty Wood Gliding

Harvey Majesty wood gliding patio doors offer contemporary hardware options, and narrow door stiles save space while delivering a sleek, casual look.

Available in 2, 3 and 4-Lite design options, they glide effortlessly along a continuous fiberglass sill. The heavy-duty weatherstripping ensures the patio door will open without a hitch, regardless of the season.

Sturdy and well crafted, Majesty wood gliding patio doors have two tandem, heavy-duty, end-adjustable rollers for fluid and smooth operation for years to come, and they pair beautifully with Majesty windows.

Features

- Energy Star glazing option available
- Solid pine interior with aluminum clad exterior
- Extruded aluminum screen frame with fiberglass wire included
- 2, 3, and 4 lite design options
- One-piece gray fiberglass sill

PATIO DOOR Majesty Wood Hinged

Majesty Hinged Patio Doors' classic hardware and French panel design offer accessible entryways that swing in, inviting in the outdoors, or swing out, extending the space into the outdoors.

Hinged patio doors offer a traditional, elegant style and are available in 1, 2, 3 or 4-Lite panel design options. The integral frame drip edge enhances water protection and a dual seal frame weatherstripping optimizes air and thermal performance.

The contemporary handleset and adjustable hinge system protect against high-traffic wear and tear. The elegant panels have a sturdy 8" bottom rail for added durability.

Features

- Energy Star glazing option available
- Solid pine interior with aluminum clad exterior
- Extruded aluminum screen frame with fiberglass wire available
- 2, 3, and 4-Full lite, in-swing and out-swing design options
- Gray wept sill system
